

SNAPSHOT 2020

# IMRC

## Your Support is Powerful

We strive to bring awareness of the status of Muslims and minorities in India with the intention of alleviating poverty. Through our activities, we're able to respond to needs of the less fortunate across India with real solutions. Your support funds our charitable projects in India and helps us meet our objectives.

When you donate to IMRC, you are supporting a network of more than 100 organizations in India which range from providing services in education, social welfare, hospitals, medical clinics, emergency relief and much more.

# 2020 may be nearly over, but our work is not...

**This past year has brought its challenges, more so, for the poor in India. Your support and duas helped us respond to each one.**

With the Delhi riots, Covid19, India's lockdown, unemployment, starvation, floods and cyclones, this year has been one of the most challenging we've had to respond to. It would've been impossible to respond to any of these without Allah (SWT), your support, our volunteers and team. You impacted the lives of hundreds of thousands of children, elderly, widows, orphans and more.

We wanted to share with you a glimpse of the work you supported. Words can't express the smile you brought to a hungry child, the sign of relief you gave to a widow, and the roof you gave a family who lost everything.

Jazah Allah khair for all of it! Our work will continue, inshAllah, and we hope you'll be there with us to make it happen. May you and your family be blessed always!

# Education

## INDO-US SCHOOLS

**500 Enrolled | 3 branches | 60 Staff**

These subsidized schools focus on bringing education to 3 slum areas of Hyderabad where children don't have access to schools or cannot afford the fees. These schools lay heavy emphasis on ensuring that the children from these communities are able to read English and Arabic, write, articulate and pray salah.

## SKILL DEVELOPMENT CENTER

**383 Students trained**

These centers offer free-of-cost programs with the objective to support and enhance the skills of unemployed youth and provide job-oriented training. During lockdown, the program became digital. A new 7 day program branched for first aid technicians & CPR training, due to the high demand of healthcare workers during Covid19.

## JIT - College of Pharmacy (new!)

**160 spots nearly filled!**

This program offered at Jahangirabad Institute of Technology offers two courses, Bachelor of Pharmacy affiliated to Dr. APJ Abdul Kalam Technical University (AKTU) and a Diploma in Pharmacy affiliated to Board of Technical Education (BTE), Lucknow, Uttar Pradesh.

## MOBILE SCIENCE LAB

**Benefited 55,000 Students in 10 states**

Due to the lack of funds, many schools cannot afford to provide lab facilities leading to low exposure to practical knowledge. Thus, the Mobile Science Lab provides access for students to conduct experiments in physics, chemistry, biology, astronomy and more.

# Other Programs
