SUPPORTING COMMUNITIES IN NEED

IMRC

INDIAN MUSLIM RELIEF & CHARITIES

40 YEARS AND COUNTING

BUILDING A WORLD WE WANT

TOGETHER WE ARE IMPACTFUL

Our mission is to help India's Muslims & minorities achieve security, freedom and equality – Their rights as citizens of India.

In 1981, students from MSA National recognized a need to respond to the atrocities incurred on India's Muslims and uplift them out of poverty, exploitation and bring them justice. Their initial intention turned into the three main objectives IMRC adheres to today:

1. Provide economic and educational assistance to orphans and destitute children.
2. Provide immediate relief to victims of communal violence and/or natural disasters.
3. Bring awareness about the status of minorities and Muslims of India.

1 MILLION BENEFICIARIES

In 2020, we had approximately 1 million beneficiaries, an average of 10% growth from 2019. IMRC's success is rooted in the visionary members who nurtured the program in its early days, yet their intention was always for IMRC to evolve from the ground up. Today, the passionate and committed IMRC community is a legacy and author of our future work.

IMRC's living and breathing commitment is to uplift the next generation of India's Muslims & minorities into roles of self-sufficiency, equality, living with justice and freedom as their rights as citizens of India.

BOARD OF TRUSTEES AND DIRECTORS

Our team is composed of community-minded changemakers and volunteers dedicated to giving their time and energy to help us achieve our objectives. They represent the next generation of leadership not only with IMRC, but in their expertise, industries and communities.

OUR WORK

We strive to bring awareness of the status of Muslims and minorities in India with the intention of one day alleviating poverty. The donations we raise fund our charitable projects in India and help us meet our objectives. We work year round to assess the needs of Muslims and minorities in poverty struck areas of India and develop projects based on their needs. We have a dedicated team, visionary leaders and over 100 organizations on site in India to improve social structures and economic opportunities. We want to provide minorities and Muslims in India the opportunity to reach their full potential, contribute to society, have a voice in decisions that affect them, live and work in dignity.

As we hear of successful stories of our students graduating, families having shelter and food, men and women finding jobs, we are motivated and driven to carry out our programs.

A LETTER FROM THE EXECUTIVE DIRECTOR

Salam alaikum,
Dear Friends and Supporters,

I was reflecting on what we witnessed during 2020 as it was our most challenging year of work. Alhamdulillah, we were able to respond to many of India's challenges it faced. Instead of viewing them as challenges, we can change the perspective to achievements our community accomplished together for the sake of Allah, SWT.

We came together and took many strides that we hadn't before. We had an increase with volunteers who came forward, we expanded our programs to meet the current needs for minorities and Muslims in India, our donor base increased (with supporters like you) and continues to do so as you share our cause with your friends and family.

I expect more challenges lay ahead in 2021 which will mean much more work is needed from IMRC. There may be worst consequences of the pandemic - the health of millions, the economic fallout and the systemic oppression against minorities especially against Muslims, Christians, and Dalits.

I have no doubt that we will continue to make a significant impact through our educational and social work in India, inshAllah.

I would like to thank all of our board members, staff, implementation partners in India, our volunteers across the US and especially in India, for their hard work in 2020. **A special thank you to our generous donors, supporters, sponsors and speakers for their support in furthering IMRC's work and its impact.**

May Allah bless you and reward your family for donating zakat and sadaqa generously through IMRC. May you be rewarded for your generosity and valuable time and resources. Please take care and keep safe, inshAllah.

Manzoor Ghori
IMRC Executive Director

CHALLENGES INDIA FACED IN 2020

Harsh winter in North India, including Kashmir

Article 370, Kashmir lockdown

Floods in Assam, Maharashtra and West Bengal

Women led Shaheen Bagh Protest

Delhi Pogrom

Protests in JNU and Jamia Millia

Covid 19, India's lockdown

Corona & Tablee-ghi conspiracy

Hyderabad Floods

Over 2 million teachers & imams affected with school/masajid shut down

Love Jihad

"What actions are most excellent? To gladden the heart of a human being, to feed the hungry, to help the afflicted, to lighten the sorrow of the sorrowful, and to remove the wrong of the injured."

- Prophet Muhammad (SAW)

IMPACT IN ACTION

Our team in India and the US are constantly assessing and tracking the progress of our programs to ensure that we're able to allocate resources efficiently. We're committed to sharing our results with you regularly, including our yearly published Annual Report to keep you updated of the impact you've made with the outcomes and notes from our team.

Orphan Support

6,359 orphans

were supported throughout the year with access to quality education, proper shelter, food and clothing.

Each day these children wake up to safety, warm meals, and now have every opportunity for success, inshAllah!

Blanket Drive

8,633 blankets

were delivered across northern states of India, Assam, Kashmir and Bihar. Our team gave this blanket in which her bright eyed smile was enough to know we made a difference. She stared in disbelief and joy. Many hands were raised in prayer for you that day. You have given them a sigh of hope and relief.

Project REED

102 complete!

Alhamdulillah for the support you've given. This ongoing program continues to thrive through its community programs such as Quran classes, dars programs, and iftars during Ramadan. Each location has a dedicated imam living onsite too. Three more sites are in progress.

SOCIAL SERVICES

Our social services program at IMRC provides programs addressing the needs of India's Muslims and minorities, especially those that are without access to basic needs of food, shelter, and clothing. We also assist the disadvantaged, the unemployed, and elderly.

Water Well Program

587,000

people benefited from our 809 wells. We focus on building hand pumps and bore wells in remote areas for access to safe drinking water for communities.

Due to Covid19, this program halted, and restarted end of 2020.

Grains for Grannies

1,200 widows

and elderly were assisted through this program. They receive a monthly ration and other assistance from IMRC for their daily needs.

It's a blessing, alhamdulillah, that we're able to serve the elderly and provide support.

The joy you gave on Eid

2,000 outfits

were distributed in time for Eid ul Fitr. We also gave out new clothes to our imams at the Project REED sites. Shown: Br. Tabassum, an IMRC Volunteer in Kashmir, shares the joy of giving children a pair of new clothes in time for Eid.

EDUCATION

CHANGES LIVES, TRANSFORMS GENERATIONS

10,000 STUDENTS SUPPORTED

When Covid hit, India shut down the school systems. As of October 2020, it was announced they would all be closed indefinitely.

Unfortunately, child labor is common in India. Families are left in vulnerable situations, leaving many children to begin working at a young age, eventually dropping out of school entirely.

IMRC's very first objective is to provide accessible quality education to as many as possible. Once a child is educated, they can do something, become something and not become exploited by society.

Through our containment process and team, we were able to keep children in schools or have virtual classes. Alhamdulillah, through your help we kept thousands of children educated!

Meet Summaira

A senior at JIT, B.Tech Scholarship Student

Summaira's family never imagined higher studies for their daughter due to financial constraints. She learned about JIT from a merit seminar. After passing the entrance exam, a scholarship was awarded. MashAllah, she's motivated, hard working and completed Python training, too. She wants a career in software development, inshAllah!

"My education would not have been possible without the generosity of IMRC's program, to which I am indebted. I'm now able make goals and dreams a reality, and I am grateful to you for helping me reach my fullest and professional potentials."

HEALTHCARE

TREATMENT AND MOBILE SERVICES

Alhamdulillah, IMRC completed its 11th consecutive year for the India Health Initiative Program in January 2020.

Doctors from the US and India collaborated to contribute their time and medical expertise to treat the underprivileged people in various parts of India.

Alhamdulillah a total of **3,923 patients were screened and treated in two weeks.**

Throughout the year, we continued our healthcare programs with free medical camps, eye camps for screenings, cataract surgeries, and other services such as dialysis and minor surgeries at the Indo-US Hospital.

Your support enabled us to provide these healthcare services at a subsidized rate or free of cost. Jazak Allah khair!

EMERGENCY RELIEF

CYCLONES | FLOODS | POGROM | COVID

Every area of need is always assessed by a volunteer or team member, then an action plan is developed. In January 2020, IM-RC's Executive Director revisited Kashmir to assess their current needs following their recent floods and freezing winter.

In February 2020, Covid began and that hit India in huge numbers. Suddenly, communities that were already in poverty were now facing further challenges without basic necessities.

In addition to covid, we responded to many disasters that struck such as the Delhi pogrom, floods, cyclones, and the freezing winter.

Alhamdulillah, your support helped us respond immediately to each one. We were able to assist in Delhi, West Bengal, Hyderabad, Bihar, Maharashtra, Assam and Andhra Pradesh.

OVER 950,000 BENEFICIARIES

COVID RELIEF

AN EMERGENCY PROGRAM

Covid19 took a drastic hit on poverty struck communities across India. It may have complicated our mobility, however, your support enabled us to continue safely.

Alhamdulillah, before and after Ramadan we had our Covid Relief work in place.

Our team of volunteers stepped forward passionate to serve society that was affected. From early morning to late hours into the night, our team went on foot, by bike, and rickshaw into alleys, under highways, street corners, slums, and orphanages to some of other most rural and remote villages.

With your support we were able to deliver not only food, but medicine, groceries, oxygen cylinders, and PPE kits.

OVER 760,000 BENEFICIARIES

Oxygen Cylinders

6,031 homes

Teacher and Imam Support

1,696 received salary support.

Cooked Meals

327,135 served

Grocery Kits for 1 month

Over 80,000 kits to families delivered

Covid Medical Kit

Over 2,700 kits delivered containing masks, sanitizer, oximeter, thermometer, vitamins, antibiotic and a booklet on best practices for safety during home quarantine.

"Not even family members are taking the responsibility to help each other. You people are unknown and helping us. It's not an easy thing. Thank you from the bottom of my heart. God bless you and your team."

FEEDING PROGRAM

RAMADAN, QURBANI AND MORE

In 2020, we reached the highest amount of food distribution in our 40 years of service, alhamdulillah! What a year it's been for our community. From facing calamities, the pandemic and poverty, our brothers and sisters have remained resilient and patient. They eagerly awaited IM-RC's annual program to provide cooked meals, grains and fitra in their village.

None of this was possible without Allah, SWT, and your support. Jazak Allah khair!

We can't thank you enough for supporting our efforts in reaching the most remote and rural areas across India.

Suhayb ibn Sinan reported: The Messenger of Allah, peace and blessings be upon him, said, "The best of you are those who feed others."
