

IMRC

SNAPSHOT 2021 - IMPACT OF YOUR DONATIONS

Your Support Reached Those in Dire Need

Alhamdulillah! Another year of Serving Allah by serving His creation

Though the pandemic hit many communities in various ways, it didn't stop our work in India. You were with us throughout the year as our team was on the front line delivering services in education, social welfare, hospitals, medical clinics, emergency relief and more. **We wanted to thank you for your support.** Every dollar of what you gave reached them and made a huge impact. We couldn't thank you enough. See our report for yourself, of the impact and hope you directly made. **May Allah reward you! Jazak Allah khair!**

YOUR COVID RELIEF SUPPORT REACHED OVER 400,000 PEOPLE!

When we first responded to Covid in 2020, little did we know it would return with a further hit in 2021. The 2nd wave not only hit India even worse but left it gasping and having us reach out to you.

The outcry for help from our brothers and sisters suffering from the 2nd wave had our Emergency Relief at work immediately. Our team distributed PPE kits and gave out cooked meals on the streets to women, children and elderly who desperately needed further aid. Alhamdulillah, some other solutions we provided were: purchasing an ambulance for patients in need of immediate transportation to hospitals, building a separate Covid Ward at the Indo-US Hospital, creating a hotline to assist families with medical advice and more.

Jazak Allah khair for always being there on the front lines responding with us. May you and your family be blessed always!

EMERGENCY RELIEF REACHED IN TIME VITAL TO THEIR SURVIVAL

Our Emergency Relief Program focuses on providing aid during natural and man-made disasters.

Communal riots, cyclones, floods and forced evacuations are some of the disasters we've responded to in the past year. Each have catastrophic consequences, with poor people often paying the heaviest price. Those affected need access to resources such as hygiene items, food, shelter and medical care which we can only provide from your support.

With your help, we were able to deliver such support to relieve communities of as much suffering as possible.

A family stand in front of the remains of their home after the Kerala Floods hit in October 2021, affecting 2,000 families.

KERALA FLOODS

200 families received relief with utensils, gas stove and temporary shelter supplies.

ALLAHABAD FLOODS

500 Families received food packages

MAHARASHTRA FLOODS

250 Families received relief kits containing food, utensils, clothes, baby diapers.

ASSAM EVICTIONS

1800 Survivors received relief kits. 800 families received shelter and temporary toilets.

BIHAR FLOODS

Hundreds of families lost their homes in the floods. They received ration kits and over 50 families were supported to rebuild.

EDUCATION - ELEMENTARY TO HIGHER EDUCATION AND MORE

The newest educational programs we launched this year were E2E and Full Stack Academy. E2E was at Jahangirabad Institute of Technology (JIT) which focused on promoting higher education among young girls beyond primary education. JIT has 1,045 student enrolled with 270 graduating this year. It reserved admission spots for girls encouraging them to apply. Alhamdulillah, 40 girls received a full scholarship. JIT has also been granted BTech courses in Artificial Intelligence and Machine Learning.

In partnership with Full Stack Academy, IMRC provided IT Skill Development training in software programming and cloud technology. 80 students are enrolled and will be complete their training end of November 2021. The next batch of 160 students will join in December for a 3 month course. Out of 80 students in training, 7 have already secured jobs!

We now have 11 Skill Development Centers in Bihar. 2400 students have graduated and with 80% finding employment, mashAllah! Our Kurnool location offered courses in becoming a First Responder. We are opening five more centers in UP for another 1190 students to enroll in training.

WATER WELLS - WITH WATER ALONE YOU'VE CHANGED OVER 750,000 LIVES

BUILT 200 WELLS IN 2021 NOW HAVE OVER 1,200!

Access to safe water is critical for families' health and sanitation. Over the years, this has been one of our most growing and demanding programs. With the pandemic, we understood right away the most effective way for safety was washing hands with soap. The millions across India without safe clean water had to navigate through this challenge. Now more than ever access to safe water is critical to families in India. At times drilling underground for water takes several attempts. We assure you, each installation is thoroughly installed, built, and has a name plate as requested.

Jazak Allah khair for your patience and support!

YOUR GIVING IS IMPACTFUL - THANK YOU FOR CHOOSING TO GIVE WITH IMRC

As the needs of our brothers and sisters grow, we promise to deliver your support directly to them. In order to successfully rebuild and uplift communities out of poverty, it is crucial to support programs such as IMRC's which provide a long-term impact and solutions. Help us continue across several states!

Employer Matching

Your gift today can go even further to help the poor in India.

Many employers will match gifts for employees, employees' spouses, or retired employees. Your company may also match volunteer hours. We currently receive matching from the following companies. Check with your HR Department to see if IMRC qualifies.
