In Tolichowki, Hyderabad, we proudly inaugurated our second hospital, complete with an exceptional Glaucoma Center. Additionally, we laid the foundation for the Jahangirabad Pharmacy College in Uttar Pradesh and initiated the Jahangirabad Incubation Center, among other endeavours. These achievements were made possible through the support and generosity of individuals like you.

Your benevolence has altered the trajectory of numerous lives, and for that, I express my deepest gratitude. May Allah shower His blessings upon you for your noble deeds and grant you the strength to continue aiding those in need, placing you among His most favoured servants. *Aameen*.

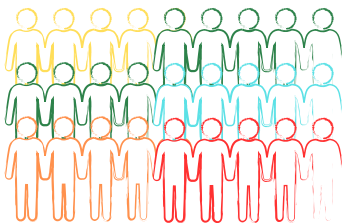

I'd like to mention that your assistance transcends the immediate impact; it becomes a perpetual source of goodness. *In sha Allah*, your ongoing support will resonate through time, leaving an indelible mark on the future. You are not merely changing lives; you are shaping entire communities.

We also initiated our Madarsa Plus Project for Huffaz in collaboration with Shaheen Group of Institutions across over 53 madrasas in India, benefiting over 1936 Huffaz in 10 states with 203 dedicated staff. It is our commitment to empower Madarsa Huffaz with a well-rounded education. The project focuses on fundamental coaching in mathematics and English in the first month, crucial for academic and professional success. Over the next 12 months, we strategically prepare students for the Class 10 NIOS exam, providing them with a recognized qualification to improve their prospects in education and the job market. By aligning with NIOS, we aim to break barriers and empower our students socio-economically. Our goal is to ensure that by the end of the project, these dedicated Huffaz have both religious mastery and a valuable academic qualification, enhancing their economic and social standing."
